If the total transfers for the renewable resource grants and loans water projects in section 51-F, item 5, of House Bill No. 645 is reduced below a total of \$4,148,796, then the appropriation of \$8,654,593 from the natural resources projects state special revenue account for grants to political subdivisions and local governments in [section 1 this act] is reduced by a like amount."

1-Reduces the appropriation from the natural resource projects account by \$100,000 to provide a positive fund balance for the program.

This appropriation funds grants authorized by the 60th Legislature. DNRC approves this change because it is expected that at least 1 grant request of \$100,000 will be withdrawn.

2-This amendment is coordination language for the transfer of \$4.1 million from HB 645. If the transferred is reduced, then the appropriation for projects is reduced by the same amount.
